The maximum amount of a grant per patient is \$2500 annually for debts incurred while actively receiving treatment. The Foundation reserves the right to suspend grant allocations based upon resources available. NY Cancer Foundation does not pay patient medical bills, co-payments, or credit card bills of any kind and does not provide cash grants directly to patients. Upon approval, payment will be made directly to the creditor. As funds are limited, NY Cancer Foundation encourages all patients to create a plan for long term support and assistance, and to contact additional community resources
